OOKALA CROP PROMISES WELL

Plantation Will Take Off
7000 Tons Of
Sugar

Ookala stockholders will probably receive another installment of the purchase money within two months or so. Up to the present \$6 per share has been paid to the stockholders, and the prospects look bright for them receiving a good deal above par value for their shares.

Up to date a little over 4,500 tons of sugar has been harvested, and Manager Walker is confident that the total crop will amount to 7,000 tons. In fact, in his report he states that if the facilities for harvesting the crop had been better, and the cane cut off more expeditiously, the 7,000 ton mark would have been exceeded. The unavoidable delay in getting the cane to the mill will mean that the whole crop will not be off till after August, and by that time some of the cane will have deteriorated as regards sugar content.

Manager Walker, who has been ill for some time now, however is confident that the 7000 tonnage of sugar will be obtained.

LAST RECITAL SPLENDID AFFAIR

Marshall Darrach has won a place in the hearts of Hawaiian Shakespearean lovers that will never fade, but grow stronger as the year goes by. His farewell recital last night was the climax of his many successes here, and those who were fortunate enough to hear his rendition of "The Tempest" will never forget the power and beauty he put into his work.

The recital was given in the makai pavilion of the Young Hotel, which was crowded with representative society people who thoroughly enjoyed and applauded Mr. Darrach. The naturalness of his execution and the comprehensive manner in which he interprets the characters of Shakespeare are the features which have established his reputation in Honolulu.

HONOLULU HALE LOT MAY BE EXCHANGED.

Governor Frear stated yesterday in connection with the Honolulu Hale lot that it is possible that it may be exchanged for the Gore lot, but that he and Marston Campbell, the two to whom the Legislature gave the right to dispose of public lands, will make no hasty decision on it. As the Gore lot is also downtown property, no objection on this point can be raised against the exchange, and the Governor believes that it will contribute to the idea of a civic venture.

ILLEGAL STIPULATION LOSES A CONTRACT.

Owing to a stipulation of the American Sugar Co. in the bid tendered to supply cattle to the leper settlement, Attorney General Hemmaway yesterday advised the Board of Health to refuse the bid, as it was illegal. The stipulation called for the board to maintain the road to the settlement and attention was called to its illegality by the Parker Meat Co., who incidentally get their bid accepted.

LOCAL ESTATE TO TAKE UP MORTGAGE.

Details will soon be completed for the Campbell estate to take up the mortgage on the Kaplan Estate now held by the German-American Savings & Loan Association of San Francisco. Lawyers for the Campbell estate are now looking up the title deeds, etc., of the other estate and definite action will follow their favorable report. The sum involved is \$150,000, and the transference of the mortgage will keep a lot of money, now crossing over as interest, in local channels.

JAPANESE BOY IN SERIOUS TROUBLE

Charged With Robbery
Of Baseball Goods
From Store

On Sunday afternoon a daring burglary by one of tender years was committed on the main thoroughfare of the city. Possibly alarmed by the attractions of baseball, the implements of warfare proved too attractive for Hiroto Ozaki, a young Japanese, only 11 years of age, who is alleged to have entered the premises of S. Miyamoto, dealer in bicycles and sporting goods, on King street, and appropriated for his own ends two baseball mits and two balls valued at \$7.50. He was tried before Judge Whitney in the Juvenile Court today, and his case set for Saturday.

HAWAIIAN HOTEL ON OLD PLAN

It will be heard with pleasure that there is a prospect of the Hawaiian Hotel being partly reopened on the old plan, which was so popular in the past.

If present indications of heavy tourist arrivals keep up it is intended to have a kitchen established at the old favorite hotel, and, although elaborate dinners will not be served, quick order meals will be obtainable at all times.

The Hawaiian Hotel is par excellence the town home of all the country plantation men, and it was there that in the past all visitors from the other islands could be found. The hotel was known all over the world, and tourists from all climes always inquired, on arrival in this city, if the old hostelry was still in existence.

Of late the Hawaiian has been in business as merely a rooming house, the dining room and bar having been abolished some time ago. One of the most pleasant features of the old hotel was the dining lanai in which many a big social event has come off in bygone years. The old hotel is a typical tropical building and certainly one of the most comfortable in the city.

SLEUTH GETS TWO BOTTLES

Before Judge Andrade in the Police court this morning the trial commenced of Sam Hoomana on a charge of illegally selling liquor last Sunday.

The first witness for the prosecution was Joe Andrews, a special agent of the police, who testified that he had entered the house of the accused and requested some liquor, tendering 50 cents therefor. He received in exchange two bottles of wine. This evidence was corroborated by another native named Harry. Witnesses for the defense admitted that liquor had been given, but denied that any payment had been received. After some discussion by counsel an adjournment until Saturday was agreed to.

YACHT PURITAN IS NOW OUT OF COMMISSION.

Providence, R. I.—Bringing to an end her career, which began so auspiciously with her victory over the English cutter Genesta in 1885 and terminated as a common passenger vessel, the famous cup defender Puritan has arrived at this port, where she will go out of commission.

Of late the old racer has conveyed passengers from the Cape Verde Islands to New Bedford. The Puritan defeated the challenger Genesta in 1885, in one of the greatest races in the annals of yachting. In the first race of the series with the Genesta the Puritan won by 16 minutes 47 seconds elapsed time. In the deciding struggle, on September 16 they raced nip and tuck over the Owl's Head-Sandy Hook Lightship course, a distance of thirty-eight miles, the Puritan winning by 1 minute 38 seconds.

The next year the Puritan was altered by her owner, J. Malcolm Forbes, into a schooner. She was sold at auction in December, '07, to William O'Connor of Fall River, for \$2,650. She originally cost \$50,000.

William Peterson, who some time ago, filed papers of voluntary bankruptcy in the United States Court, was today discharged by Judge Dole, conditionally on court fees being paid.

Local Cash

There will be an attempt to float the \$200,000 worth of bonds, voted by the last Legislature, in local circles, according to a statement made this morning by Treasurer Conkling.

Of this amount, \$200,000 is for a water pipe line to the Kula District on Maui, which is a particularly dry place and where the land is privately owned and garden truck is an important means of support. The balance of the amount is for the improvement of Honolulu Harbor, lengthening slips, etc.

Heretofore bonds of this nature have been floated on the mainland, but in this case, although no propositions have yet been received, the money paid in interest will be made to stay at home, if possible.

"WAIKIKI" HELD FOR MURDER

Unlicensed Liquor Selling
—Other Cases In
Police Court

Waikiki, alias Kakeau, suspected of being the murderer of Henry Wetherill, was bound over by Police Judge Andrade this morning to the Circuit Court. The police have made an exhaustive investigation of the case, and finally secured sufficient evidence to warrant binding Waikiki over on a charge of murder.

That there is grave danger in drinking from unlicensed premises, blind pigs and such like was demonstrated this morning when the case of Maile Mau was called for illegally selling liquor in unlicensed hours. Deputy Prosecuting Attorney Brown stated to the bench that this charge had been withdrawn because of the fact that on examination of this woman the case had been turned over to the Board of Health.

Koeki No. 4, was fined \$2 and costs for drunkenness, and will also appear on a charge of assault tomorrow. The circumstances connected with the latter charge are somewhat peculiar in respect that the warrant was issued on January 19th last on information furnished by Le Ong See, the assaulted Chinaman. The police have been looking for him ever since, but George 4th has been keeping carefully out of their way by jumping out on the inter-island boats. Last night, however, he became too drunk and coming within reach of the law they preferred the double charge against him.

For being spectators at a crap game Fred Ross, M. M. Oliver and Jno. Keakahiwa were each fined \$4 and costs.

For assaulting Lilla, an aged native, Dole will be tried tomorrow. On Thursday morning John A. Baker will be tried for assault and battery. Charlie Chillingworth is attorney for the defense, and the delay was granted in order to obtain a number of Chinese witnesses. On the same morning Mary Mahoolowa will be charged under the Vagrancy Act. Hall has been fixed at \$100. Ho Chee and John Kainoa were each fined \$3 and costs for being drunk and incapable.

Another letter has been received at the Governor's office asking for information regarding Edwin C. Burdick, who left New York City on February 15th, 1904, giving his address as General Delivery, Honolulu, and who has not been heard of since. The letter is from Rachel B. Burdick, who gives as her address Box 307 Edgewater, N. J. Burdick was known to have been in the U. S. Marine Service, but is not here now, as far as the Governor's office can find out.

BOARD HOLDS NIGHT SESSIONS

Commission Working On
New Appointments
Of Teachers

The Territorial Board of Public Instruction has finished up regular business and are now working on the long list of appointees. At noon they were only half through the list. A session was held last night and yesterday afternoon, and there is still plenty of work ahead. In many cases the schools are going through with the same teachers that they had last year. Many requests for transfers are being considered and acted upon. In some cases teachers have been dropped owing to their refusal to take the examinations while they had a chance.

After investigation, the authorities have deemed it advisable to release the five Waipahu Japanese who were arrested on Saturday night for attempting to restrain another Japanese from work. They have come to the conclusion that the men acted in ignorance of the seriousness of their action.

The Supreme Court has decided for the defendants in the case of William W. Bierce, Ltd., vs. Wm. Waterhouse and Albert Waterhouse, as trustees for the Waterhouse Estate. The case went to the Supreme Court on a writ of error from the Circuit Court and the decision of the Supreme Court upholds that of the lower court.

Messrs. Dillon & Hubbard, of New York, legal advisers to the Territorial Government have been forwarded copies of the Session Laws of 1909 and the journals of the House and Senate by Treasurer Conkling.

Rancher near Rapid City, S. D., died leaving a large estate, but no one to inherit his wealth, so far as known. The state is likely to get the property.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.
